## TVA Hosts Plant Dedication Ceremony in Memphis

**WHAT:** Allen Combined Cycle Dedication Ceremony

**WHO:** Tennessee Valley Authority (TVA)

**WHEN:** Thursday, Nov. 8, 2018 | 10 a.m.

**WHERE:** Allen Combined Cycle Natural Gas Plant  
(2480 Hennington Ave., Memphis, TN 38109)

**ADDITIONAL INFORMATION:** Allen Combined Cycle Natural Gas Plant is the seventh combined cycle plant that TVA has added to its power portfolio since 2007. Located in Memphis, Tennessee, the plant has two of the world's largest and most efficient natural gas turbines and a combustion steam turbine that, together, generate enough energy to power more than half a million homes. Allen Combined Cycle is also home to more than 3,000 solar panels, which provide nearly one megawatt of power.
